*Bright and Brilliant...*

# TIGONIS TIGO CLEAN

INSTANT ACTION  
TILE CERAMIC  
&  
CONCRETE CLEANER

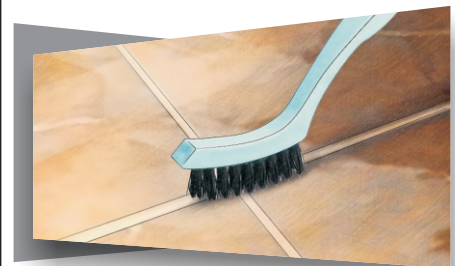

Before

After

Wet the substrate surface with 1:1 diluted Tigo Clean. Leave for soaking for five minutes. Then Scrub with Scrubber or cloth and finally wash with water. Leave the solution on the surface for five minutes for easy soaking. Now rub the surface with cloth or scrubber. Now wash the surface completely with water for better results. Clean the surface after application with a wet cloth.

Precautions & Limitations: Clinical gloves recommended while using Tigonis Tigo Clean. Check Tigonis Tigo Clean before using for cleaning of coloured concrete, granite with a corner test because it may etch/discolour the surface. (If stone shows discoloration within 24 hrs. after application, do not use product).
