

TIGONIS TILE GROUT

**PREMIUM
QUALITY**

Tigonis Tile Grout is an easy to apply general purpose cementitious mortar for the mounting and laying of ceramic tiles and mosaics. It is suitable for both interior and exterior application and is suitable on floors and walls of concrete, lightweight concrete and plaster. It provides excellent adhesion between tile and substrate. Tigonis Tile Grout is an economical hard-wearing, water-resistant grout for filling joints in exterior and interior walls and floor ceramic tiles and mosaics. It is specially formulated to fill joints of up to 5 mm in width. It is easily applied by hand and because of its unique composition, does not shrink when dry. Tigonis Tile Grout is manufactured in 2 standard colours : white and grey.
